

4. Challenge #2.

① Write a program that will print your Full Name, Age and Gender.

```
#include <stdio.h>
```

```
#include <stdlib.h>
```

```
int main()
```

```
{ printf (" Full Name : Bill Clinton In");
```

```
printf (" Age : 70 In");
```

```
printf (" Gender: Male");
```

```
return 0;
```

```
}
```
