

5. Challenge #3

Q Write a program that will print an "Isosceles Triangle" ?

```
#include #include <stdio.h>
```

```
int main() {  
    printf (" _ _ * _ _ \n");  
    printf (" _ * * _ _ \n");  
    printf (" _ * * * _ _ \n");  
    return 0;  
}
```
